

KASANAI

THE COLLECTION

KASANAI creates sculptural tables that merge artistry with understated luxury. Each piece is handmade in limited editions, reflecting a commitment to authenticity, craftsmanship and timeless design. This brochure presents our two material families, each in its own chapitre.

THE HOUSE
About us

Antwerp, Belgium

OUR PHILOSOPHY

KASANAI creates sculptural furniture and curated objects that merge artistry with understated luxury. Each piece is made reflecting a commitment to authenticity, craftsmanship and timeless design. We believe that beauty lies in the balance between form and essence.

OUR VALUES

We strip objects to their essence, evoking a feeling of tranquillity. Through soft, monochrome tones and honest materials, we create statement pieces that feel warm and inviting, and serene spaces away from the noise of the outside world: clean and simple, but never boring.

KASANAI

CHAPITRE II

Stainless Steel

Each piece is crafted from type 304 stainless steel and finished by hand with a vibrated surface. This soft texture diffuses light and helps, over time, light signs of use blend into a quiet patina. Six sculptural pieces, from an intimate pedestal table to a generous dining table, a desk and a stool.
