IN THE MOMENT.

KASANAI

DEDICATED TO THE SUBTLE AND SOPHISTICATED

We strip objects to their essence, evoking a feeling of tranquility. Our designs should trigger a different kind of sensory experience. Whether that's smelling, feeling, seeing, hearing or tasting – we offer an all-immersive experience where the mind is put to rest and we're able to take a moment to ourselves. It is a challenge to make minimalist objects look warm and inviting, but by using soft, monochrome colours and organic materials where possible, we create statement pieces with love and purity at their core. We love creating serene spaces away from the noise of the outside world: clean and simple, but never boring.
